Intercultural communication workshops for students at the Munich School of Engineering in winter term 2019-20

Course details SUCCESSFUL IN INTERNATIONAL TEAMS

The workshop will help international first-year students to complete their studies in Germany successfully and with fun. The workshop is intended exclusively for our international students in their 1st and 2nd semesters (international citizenship or university entrance qualification).

LV title: Successful in International Teams, LV No.: 0000004737
Place: ZEI, Lichtenbergstr. 4a, Seminarraum 5414.EG.0002

Course contents: CONNECT - PERFORM - ENJOY

- Get-together and exchange of experiences with student representatives
- Brainstorming to collect specific questions regarding studying at MSE / TUM
- Culture dimension: Which are the challenges for international students when starting to study at a German university?
- Intercultural feedback: What are the characteristics of communication in, for instance, international teams?
- Culture shock: Which challenges have to be managed in a new environment?
- The workshop will be a mix of input, case studies, discussions and group work

Course details INTERCULTURAL COMMUNICATION AND WORKPLACE DIVERSITY TRAINING

The aim of the workshop is to prepare participants for teamwork from an intercultural perspective and especially to reflect the influence of diversity on the team process in international teams. The workshop is open for all MSE students.
